

MOBILE OFFICE MOUNTS

Stable, versatile platforms for Laptops, UMPCs, Tablets, and Mobile Data Terminals!

• *For professionals on the go – executives, sales people, drivers, and marketing gurus – PanaVise delivers the perfect mobile office mounting solution*

- **Easy to use:** the Mobile Office Mount sets up quickly and folds down easily
- **Choose your mounting option:** select from our Heavy-Duty Universal, Lighter-Duty Universal or Seat Bolt Mobile Office Mounts
- **The reticulating arm assembly** simply slips into the mounting base (note: Heavy-Duty models 932-10 and 932-13 include solid shafts only)
- Unfold the reticulating arm, position and tighten as desired
- Telescoping arms allow plenty of movement and rotation – arms lock securely into place
- Unique collar allows the central shaft to rotate freely *without* adjusting the height!
- Horizontal arm can be removed as needed if a shorter reach is required
- The **mobile computer deck** slips easily onto the arm assembly and *features our unique adjusting ball:* loosen the knob and tilt the deck 90°, turn and rotate 360° for perfect placement every time!
- Mobile computer deck includes **screen support arms** and can be *sized for various devices*

Model 937 - Seat Bolt Mobile Office Mount (with optional USB light; laptop not included)

Velcro is a registered trademark of Velcro Industries B.V. Text and Photos © 2008 by PanaVise Products, Inc.

- *A full line of accessories is available* including an adapter kit for smaller units such as DVD players; a USB light; a USB fan; and a telescoping support brace (included with Model 937)
- Secure the device using the Velcro® strap (included)
- Once business is completed, the mount can be easily removed and folded for trunk storage
- ***These are the world's most adjustable, practical and versatile Mobile Office Mounts!***
